Good morning!

I went on "Test" ServiceArizona to verify the verbiage within the Registration Renewal application and Personalized/Specialty Plate application regarding the Choose Life plate.

Please see the attached screenshots for each application.

Please let me know if you have any questions.

I saw JoAnn as we were leaving tonight. That is her recollection, too.
No personalization: no spot on the personalized/specialty plate screen. Makes perfect sense.

I just checked and that plate isn't shown on the Personalized plate screen on SAZ, but it is on the standard plate screen. I do not think that it is available for purchase with personalization. Will check plicy tomorrow to confirm.

Tom/JoAnn:

You likely recall the history. This was an organizational plate that went public, but chose not to redesign – at the time the organizational plate committee was disbanded by the AZ Legislature.

Uncertain if this plate is available only in non-personalized format and that's why we don't see it on SAZ????
If that's the case, would it be on the SAZ list if people don't click on the personalized/specialty plate option and go straight to purchase the plate?

Subject: Choose Life License Plate Inquiry

Hello:

My name is Jason Walsh and I am the Director of the Arizona Life Coalition, the 501c3 that handles the 'choose life' speciality plates. I recently signed up to get my own 'choose life' plate and found that the Service Arizona website does not include it on its choices.

<https://servicearizona.com/webapp/vehicle/plates/startChoice.do>

While it is possible to purchase the plate from Service Arizona, it is only accessible from our website's portal <http://arizonalifecoalition.org>. This unnecessarily limits our exposure.

To rectify this, I am asking that the 'choose life' plate be added along with the other specialty plates to the above referenced link. Please let me know when this oversight can be altered, so I can monitor this to make sure everything is as it should be.

Blessings,

--

Jason Walsh
